

NORTHEASTERN MOTORCYCLE TOURS

New England
Adirondacks
Canadian
Maritimes

Come and Experience Some of the Most Spectacular Riding in North America With Northeastern Motorcycle Tours

Tucked away in New England and the Canadian Maritimes is a motorcycling paradise. Travel with us through the superb mountains of Vermont, New Hampshire, Massachusetts and the Adirondacks or along the spectacular seacoasts of northern Maine, New Brunswick, Nova Scotia and the Gaspé Peninsula. Lean your bike along an alpine road that rises up into the clouds and leads you to the summit of Mount Washington. Follow the scenic sweeping curves of

a rushing river. Wind through the hairpin turns of mountain notches and gaps. Pause to enjoy the simple beauty of a classic New England village. Glide by pure blue lakes and inhale the rich scent of a pine forest. Feel the exhilaration of the Cabot trail, one of the world's greatest motorcycle roads, as it twists and turns along the edge of the Atlantic ocean and through the mountains, providing breathtaking views for more than 200 miles. Explore small villages, excellent historical sites, beautiful beaches, inland seas, traditional Gaelic music festivals and much more.

"Quite simply, the roads covered on the Mountains Tour are like the very best of Wales and Scotland with the Alps thrown in."

- Stuart Knowles

“During the day, superb riding on exciting and virtually traffic-free roads, from straights to sweeping curves to tight downhill corners, all set amid stunning scenery.”

- Simon Banks

It's Up To You

Northeastern Motorcycle Tours

offer luxury, companionship and freedom from most touring hassles without ever taking the fun or adventure out of touring. Each day of your tour will feature an organized group ride, or you can use our custom tour maps and directions to strike out on your own. Ride ahead, spend more time at your favorite places or explore other roads and destinations. You can rejoin us further along the route, at the day's lunch stop or later at dinner.

Choose Your Own Pace

Our tours typically last from four to nineteen days. The riding pace is relaxed with frequent stops to enjoy the area; we'll typically cover 170 - 200 miles per day. We'll also spend two or more nights per week in one location so that you have the option, if you choose, of taking time off the motorcycle to explore an area on foot or by using short local rides. All tours are limited to ten motorcycles and fifteen participants to keep group sizes small. Custom tours are available.

A Great Location

Our location in the southern Vermont town of Brattleboro puts us almost at the center of a triangle formed by the American cities of New York and Boston and the Canadian city of Montreal. We are 234 miles (377 kilometers) from Montreal, 194 miles (313 kilometers) from New York City and only 102 miles (165 kilometers) from Boston. Both interstate and scenic secondary roads connect us to each of these cities. Tour members often participate in our motorcycle tours after business visits or conferences in the northeast.

We also offer tours just before and after the famous and very popular "Americade" motorcycle rally, which is an easy and beautiful half-day ride away in Lake George, New York. We can also arrange motorcycle rentals for the Americade event for riders on our tours.

Fly and Ride

Fly into New York, Boston or Montreal and be minutes away from your discounted motorcycle rental and a short ride away from the start of a spectacular tour. A wide range of motorcycles are available to choose from, including models from BMW, Harley-Davidson and Honda. Local rentals of Honda motorcycles can also be arranged near our tour base in Vermont.

We can also help to arrange the shipping of your motorcycle to one of our tour start locations. We'll meet you at the airport, bring you to your bike and get you ready to ride. Contact us for details.

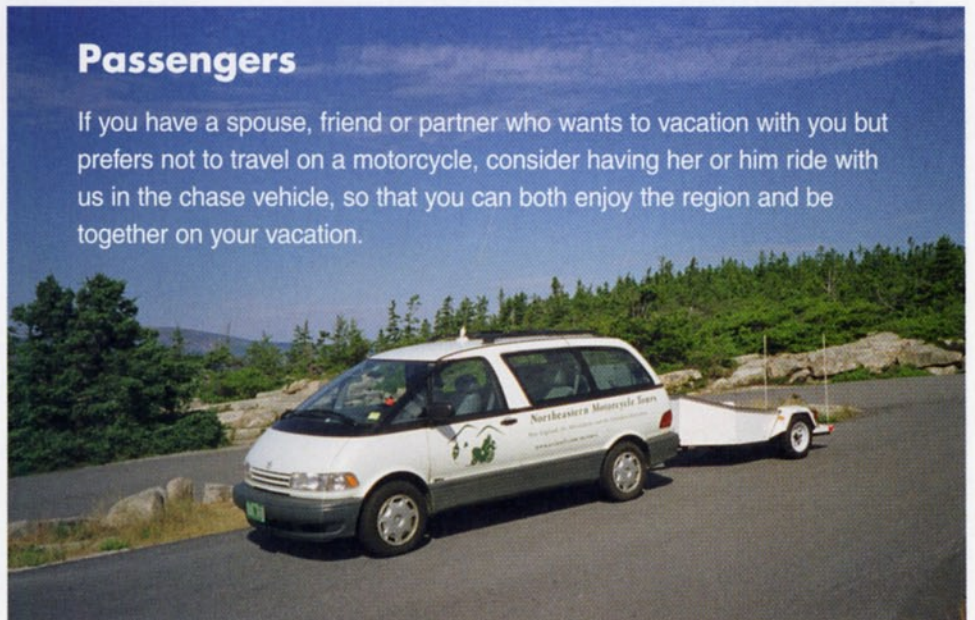

Support Vehicle

Each *Northeastern Motorcycle Tour* is accompanied by a late-model air-conditioned support van, which carries extra luggage and up to three passengers. The support vehicle is in constant radio contact with the lead motorcycle and also carries a cellular telephone for emergency use. The van tows a Chariot trailer with fairing and is available to carry any disabled motorcycle should the need arise.

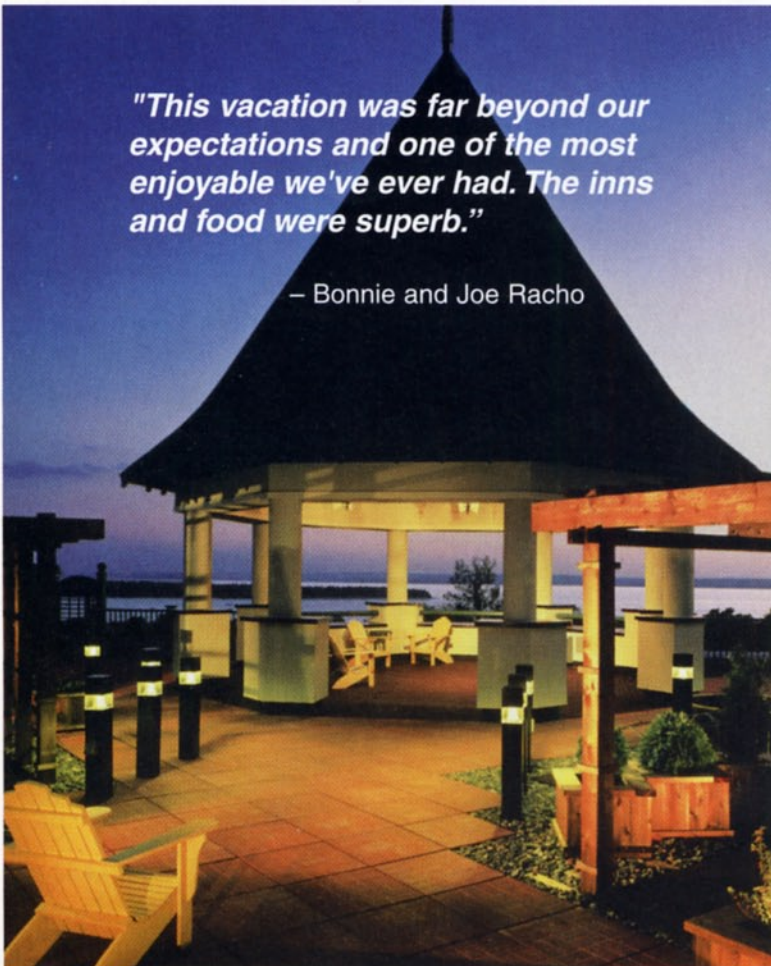

Passengers

If you have a spouse, friend or partner who wants to vacation with you but prefers not to travel on a motorcycle, consider having her or him ride with us in the chase vehicle, so that you can both enjoy the region and be together on your vacation.

"This vacation was far beyond our expectations and one of the most enjoyable we've ever had. The inns and food were superb."

– Bonnie and Joe Racho

Luxurious Lodging

There's nothing quite like finishing a great day of riding and arriving at a luxurious inn or hotel to find your room waiting for you. Every **Northeastern Motorcycle Tour** includes exceptional accommodations ranging from classic New England inns to spectacular resorts to grand hotels on the Atlantic. We pay careful attention to the choice of accommodation used on tour so that each inn, hotel or resort is unique and first-rate.

Gourmet Dining

Dining on a **Northeastern Motorcycle Tour** is always first-class. Each morning, you'll begin with a full country breakfast. After a day of superb riding, you'll order dinner from an unrestricted gourmet menu, not a group menu. You'll eat at a time that fits your schedule, not ours. Join the group for meals or take time on your own - it's up to you. The exceptional food and schedule flexibility is not at all what you might expect from a "group tour". All breakfasts and dinners are included in the tour price.

Here's what our riders have to say...

"The riding was superb with some of the best and most challenging roads I've ever seen...The tour was excellent value and worth every penny...Everything was certainly prepared with meticulous detail and this showed through as each day we headed straight for the best roads."

- Stuart Knowles of Birmingham, England

"The perfect antidote to the stresses of business and big city living...world class dining, ultra gracious lodging, sidelong humour and terrific camaraderie...a clever combination of relaxation, travel and motorcycle skill-building along with meticulous route planning and consummate attention to detail. I can't wait to come back - for the third time!"

- Keith Formosa of Toronto, Ontario, Canada

"The company was great, the inns superb and the food tremendous. ...I'm sure we've got friends for life now. I think that you and Lillian are providing the very best in motorbike touring and our hats come off to you. We are already dreaming of the day we can come out to join you again."

- John and Barbara McFadyen of Nordabrage, Shetland, UK

"The quality of the trip was superb and a real value for our dollar, with some of the most scenic, safe and challenging roads we have ever ridden. It was a pleasure to ride these scenic routes with a group of fellow motorcyclists who have now become new friends. We're already thinking about our next adventure with Northeastern Motorcycle tours - the Cabot Trail Tour in 1998."

- Bonnie and Joe Racho of Conyngham, Pennsylvania

"Thanks for going beyond the necessary to make our trip superb. Looking forward to the next one."

- Lloyd and Natalie Keirstead of Nashua, New Hampshire

And the press says:

"Northeastern Motorcycle Tours is one of the most highly organized, luxurious domestic touring companies that riders can spend their money on, and it's here to stay."
